

PUBLIC WORKS DEPARTMENT

MEMORANDUM

TO: Parks Commission

FROM: Jennifer Haro, Parks Manager

DATE: January 30, 2025

SUBJECT: Sports Complex Rules / Pickleball etiquette

With the opening of Phase 1B of the Sports Complex around the corner (likely April), the city is ready to order signage and make rules for the park. Some signs that our maintenance crew would like to place in the park includes:

- No food or drink on playground turf
- No glass on pickleball courts
- No dogs on pickleball courts

There is also a question of court etiquette, and staff feels that we should provide signage with guidance on how the courts should work when the courts are full and people are waiting, while realizing that there will not be staff present to enforce it.

Staff is looking for a recommendation from the parks commission about stage rentals and a suggested hourly rate, as well as a recommendation about pickleball useage. Some examples of possible signage will be shared at the meeting.
